Subject: Change of Operator Contact, Desert Mine, S/023/068, Juab County, Utah

Dear Mr. Hansen:

This letter is to notify you of the status of the Desert Mine, small mining operation. A Notice of Intention to Commence Small Mining Operations was submitted on April 28, 2000 and the notice accepted on May 24, 2000. The notice was signed by both you and Tim Carson; however, because our database can only list one address, your address was the one listed for this site, and all correspondence has been sent to you.

On September 22, 2004, Mr. Carson came in to the Division office and updated this permit. We were advised that you had let the mining claims lapse and had no more to do with this site. Therefore, we have changed the address on our records to Mr. Carson's address. Please be advised that because you did not pay the permit fees for years 2001, 2002, and 2003 for this site, those delinquent payments were turned over to the state Office of Debt Collection (ODC). Even though we have changed our address records, you may still receive notifications from the ODC regarding fees, penalties, and past due interest for those years regarding this site.

If you have any questions or concerns regarding this letter, please contact me or Tom Munson at (801) 538-5291 and 538-5321 respectively.

Sincerely,

Joelle Burns
Engineering Tech
